The following are suggestions designed as a guide to enable discussion and consideration of the 'We are Marist, We are Family' series:

How does the Marist Association provide a welcoming Marist home, and a community or family that allows Members to experience a strong sense of belonging and connectedness?

What does sitting around the 'same table' mean to you?

In the video, Jon says, 'So the Association for me has been a really enlightening experience and has really connected me to a group of wonderful people that share the same values.' What values do you think the Association upholds?

Why would you encourage other Marists to join the Association?

What would you say to someone enquiring about the Association and asking why they should become a Member?

Are there any Marists who could be invited to join your local Family?
