The following are suggestions designed as a guide to enable discussion and consideration of the 'We are Marist, We are Family' series:

How does the Marist Association provide a welcoming Marist home, and a community or family that allows Members to experience a strong sense of belonging and connectedness?

In the video, Kate says, 'I still want to do my part for the Association because the community is so special.' What is special about your Marist Association community?

Kate also says, 'It's been now two years since I've worked in a Marist school and I'm still a part of the Association.' How can we welcome Marists who are no longer in our workplace or community?

Why would you encourage other Marists to join the Association?

What would you say to someone enquiring about the Association and asking why they should become a Member?

Are there any Marists who could be invited to join your local Family?
